

\$8.00 for a 5c Sack of "Bull" Durham in France!

Writing to a San Francisco paper, Francis Joliffe tells how badly our soldier boys in France need tobacco: "One boy pulled out a half-used sack of Bull Durham and caressed it. His companion informed me that they had paid as high as 40 francs (\$8) for a sack of Bull Durham."

M. E. Church Notes.

F. J. AUCOCK, Pastor.

All services next Sunday at usual hours. Don't let the Sunday school suffer because the days are cold, The janitor is on the job soon after 6 a. m., and will make the church comfortable.

We are planning on some special music for Easter. A choir composed of adults and young people will be organized and will practice Sunday afternoons before the regular service: We want to make Easter worth while.

Ladies Aid meets with Mrs. George Leamer Friday of this weed.

Preserve and beautify your home with Mound City Paint and Varnish. For sale at Neiswanger Pharmacy.

You Can Get a Gov.-Irrigated Farm in the Big Horn Basin if You Act Promptly

Uncle Sam built this irrigating system; he gives you the land and charges you only the actual cost of an ample and permanent water right. The mode of payment is nearly a gift-20 years' time, no interest; with three years' cultivation, these farms will be worth at least a hundred dollars an acre; excellent surroundings; on the Burlington's main line, near Deaver, Wyo.

The Big Horn Basin: Because of the rich oil discoveries. the great irrigated areas, the heavy alfalfa and grain production, beet sugar factories, oil refineries, growing population, the Big Horn Basin teems with prosperity and a rapidly increasing developement.

Nebraska and Colorado Lands: For dairying, wheat raising, for livestock and general farming, these lands can be bought on good terms. They are cheap and should double in value, in the face of the world's demand for food stuffs.

Secure my services; they are free to you.
